

# Certification of Conformity

## Electromagnetic Compatibility

Applied Motion Products, Inc. declares that the equipment described in this document is compliant to EN 61800-3:2004+A1:2012, with the requirements of the European Council Directives 2004/108/EC in relation to the Electromagnetic Compatibility.

This Declaration is based upon compliance of the product to the standards of:

EN 61800-3:2004+A1:2012      EMC requirements and specific test methods

Product Description:      Motor Drive  
Rated input voltage:      12-48VDC  
Rated output current:      3A  
Protection Class:      III

**Models:**      **STR3**

Authorized Signature: \_\_\_\_\_
